

One of the most commonly served foods on Thanksgiving is turkey. It was served at the first Thanksgiving and continues to be a tradition for families each Thanksgiving.

This year the turkeys have asked for our help. They are tired of being eaten on Thanksgiving, and would like you to help them hide!

Think of a disguise for your turkey. You can disguise it as anything; a member of your family, an animal, a famous person... ANYTHING! Get creativity!

Also, if there aren't going to be any turkeys this Thanksgiving we will have to help think of a new food to serve. What could take the place of turkey on our Thanksgiving tables?
